JUNIOR DIVISION GENERAL PROJECT EXHIBIT DISPLAY BOARD GUIDELINES

Display boards are great ways to share information, but when viewers walk by, they spend only 60-90 seconds looking at each display board. Make your board stand out by highlighting the main points of your project in a fun, interesting way. Follow these guidelines to create a display board for the Douglas County Fair & Rodeo.

SHAPE

Design your exhibit so information fits on the display.

Remember, you have 1 large surface, and 2 smaller side wings.

SPACE

Your display should only discuss one main topic. This will help it look neat and uncrowded.

ATTACHMENTS

When attaching pictures or objects to your board make sure they are secure. Use glue for pictures and paper, and consider wires, zip ties or staples to attach bulkier items. Do not attach items that are so heavy that your board can't stand or fold. No sharp items are allowed on display boards (thumb tacks, fishing hooks, etc.)

SIZE

Display boards for the Douglas County Fair and Rodeo must measure 4' wide x 3' tall. They should be made of lightweight cardboard, but not poster board. Pre-cut boards are available at most craft and shopping centers. No part of your display may extend beyond these boundaries.

Please place a label with the following information in the upper right-hand corner of the e-record book front cover, and on the upper right-hand corner of the display board or poster: Douglas County, Your Name, Project Area, and Class Information.

TEXT

Make sure that all the text on your display is easy to read. Use a large font for the title, and smaller fonts for the headings and body text. Text must be readable from 3-5 feet away. Use large bold letters. Dark letters on a light background work best.

Each group will be checked in at the beginning of their group time. The assigned time will include Exhibitor and dog check in and safety meeting.

- A. All 4-H Obedience classes will be patterned after the latest AKC Obedience guidelines whenever possible, except that dog registry with AKC is not required. Some exercises and rules may have been adapted from AKC to better serve the 4-H youth in this program.
- B. In all Obedience classes, up to 15 points will be deducted for the following: strong correcting or disciplining, excessive barking, leaving the ring, rules violation or showing fear
- C. In all Obedience classes, fouling the ring will be a 15-point deduction. The exhibitor will be allowed to finish their run.
- D. For the safety of all, a dog that snaps, bites, or attempts to bite will be excused from the ring.
- E. Handlers entered in B classes will be judged at a higher skill level (handler errors) than handlers entered in A classes.

2025 Douglas County Fair & Rodeo Competition Rules

- F. Allowed collars in Obedience classes include: flat or rolled leather with buckle or snap closure; flat or rolled nylon collars with buckle or snap closure; metal choke chain. No haltis, gentle leaders, harnesses, or pinch collars will be allowed in the show ring. Collars and leads must be two separate pieces. Slip leads are not allowed.
 - G. The length of your Obedience leash should be six feet for Beginner Novice & Novice classes.
 - H. No dog tags can be on the dog when showing in the ring. This includes name tags, rabies tags, or anything else that hangs from the dog's collar. It is very important that your dog wear tags always, except when in the show ring. See dog project manual "Dog Resource Handbook" from The Ohio State University. (Please note the difference between training equipment and show equipment.)
 - I. If an exhibitor has two dogs in the same class, they must choose one dog for the group exercises. The other dog must be handled by a currently enrolled 4-H exhibitor for the group sits and downs.
 - J. If an exhibitor qualifies in two classes with the same dog, they need to show at the highest level they qualified.
 - K. Each county may qualify exhibitors for State 4-H Dog Trials Obedience classes by a selection procedure most appropriate to its own county program in compliance with the Dog Level Progression Chart and eligibility requirements. Qualification at this 'County Level' could require a qualifying score at County Fair or, if allowed by the county, earning a qualifying score at a 4-H Dog Show.
 - L. The best way to check what is expected in the various classes is to check out the score sheet posted on the Colorado State 4-H website: <http://co4h.colostate.edu/program-areas/state-fair-information/contest-scoresheets/>.
 - M. A Junior Division Exhibitor can identify their dog as a Veteran to exhibit during registration if their dog is 7 years old or older for Obedience class only prior to the Trial. This will allow the dog to jump at HALF, the required jump height which allows the Exhibitor to compete for a qualifying score for state qualifications but is ineligible for County's Grand/Reserve champion award and placement awards. If Exhibitor is unable to jump HALF the required jump height, the exhibitor may drop to non-jumping Obedience class which will allow the Exhibitor to compete for a qualifying score for state qualifications but is ineligible for County's Grand/Reserve champion award and placement awards.
 - N. To qualify for State 4-H Dog Trial, dog and handler must receive a minimum score of 170 points out of a possible perfect score of 200.
 - O. Dog Obedience EXERCISES AND SCORING refer to Appendix B
 - P. Ties in Scoring. Ties will be broken as follows:
 - 1. Beginner Novice Division and Novice Division: When two or more exhibitors have the same overall scores, the scores in the first exercise will be compared. The exhibitor with the highest score in the first exercise will receive the highest placing, and so forth. If all exhibitors have the same score in the first exercise, the scores in the second exercise will be compared, and so forth until ties are broken. If scoring is identical throughout the exercises, then the ties will be broken by the exhibitors and their dogs performing a heeling pattern specified by the judge.
 - 2. Graduate Novice Division & above Levels of Obedience: Ties will be broken by the exhibitors and their dogs performing an exercise specified by the judge.
 - 3. In the event a tie still exists, an official flip of the coin will be used to break the tie.
- Calculating score for High in Trial

There will be pre-selected readers selected by the County Dog Superintendent available to any exhibitor should they need help reading/understanding the test. NO person except those requested by the County Dog Superintendent will be allowed to help with the test. Questions are selected to assess the exhibitors' knowledge, not to trick the youth.

- B. For the safety of all, a dog that snaps, bites, or attempts to bite will be excused from the ring.
- C. Handlers entered in B classes will be judged at a higher skill level (handler errors) than handlers entered in A classes.
- D. Allowed collars in Rally classes include: Flat or rolled leather with buckle or snap closure. Flat or rolled nylon collars with buckle or snap closure. Metal choke chain. No haltis, gentle leaders, harnesses, or pinch collars will be allowed in the show ring. Collars and leads must be 2 separate pieces. Slip leads are not allowed.
- E. No dog tags can be on the dog when showing in the ring. This includes name tags, rabies tag, or anything else that hangs from the dog's collar. It is very important that your dog always wears tags except when in the show ring.
- F. All jump heights will conform with current (as of January 2022 rules and regulations) AKC Rally height and broad jump recommendations.
- G. Exhibitors are responsible for knowing the height of their dog at the withers and the associated Rally jump heights as well as verifying jump height in the ring.
- H. Each exhibitor will be allowed only one run in each class with the dog who has qualified for that class.
- I. Walk-throughs will be announced. Exhibitors will not be allowed to walk through the pattern at any time other than the official walk-through time. Exceptions may be made at the judges' discretion due to scheduling conflicts.
- J. RALLY SCORING AND EXERCISE DESCRIPTION refer to Appendix C

SCORING:

1. To qualify for State 4-H Dog Trial, dog and handler must receive a minimum score of 70 points out of a possible perfect score of 100. Scoring for all levels is based on a maximum score of 100 points unless otherwise stated in these regulations.

2025 Douglas County Fair & Rodeo Competition Rules

2. Times will be recorded but not posted. Times will be used only to break ties for placements.
3. The maximum number of points that can be deducted for any station is 10, with the exception of a non-qualifying performance.

HIGH IN TRIAL RALLY CALCULATING SCORES

- Novice: Judge's score
- Intermediate: Judge's score plus 2 points
- Advanced: Judge's score plus 3 points
- Excellent: Judge's score plus 5 points (Advanced/Excellent will use Excellent Score)
- Masters: Judge's score plus 7 points

Rally Height Requirements

The required jump heights for Rally classes are as follows:

HEIGHT OF DOG AT WITHERS	HIGH OR BAR JUMP HEIGHT TO BE JUMPED	BROAD JUMP DISTANCE TO BE JUMPED
Less than 10 inches	4 inches	8 inches (1 board)
10 inches to less than 15 inches	8 inches	16 inches (2 boards)
15 inches to less than 20 inches	12 inches	24 inches (2 boards)
20 inches and over	16 inches	32 inches (3 boards)

Overall Champion Versatility Dog Award

An Overall Champion Versatility Dog award is an award acknowledging the Exhibitor who shows the SAME dog in at least 3 out of the 4 disciplines (Obedience, Showmanship, Rally and Agility). The total of the 3 highest discipline placements with additional points from Overall Grand/Reserve Grand determines the Most Versatile Dog. Showmanship Division has two classes: Showmanship class and Round Robin class. Agility Division has two classes: Agility Standard class and Agility Jumpers class.

The class includes all disciplines (Showmanship, Obedience, Rally and Agility) plus additional points for Overall Grand/Reserve Champion.

1st place in class earns 25 points

2nd place in class earns 23 points

3rd place in class earns 20 points

4th place in class earns 18 points

5th place in class earns 15 points

6th place in class earns 12 points

Overall Grand Champion in a discipline is 3 points.

Overall Reserve Grand Champion in a discipline is 2 points.

For example, if exhibitor (Sally) with the same dog (Fido) wins the following

1st in their Obedience Division = earns 25 points

1st in their Agility Division Standard Class and 3rd in their Agility Division Jumper class = earns 45 points

1st in their Rally Division Intermediate B Class = earns 25 points

Sally and Fido placed 3rd in Showmanship class, and they did not enter Round Robin class but since it's not one of the highest points earned per division, these class points won't be used.

2025 Douglas County Fair & Rodeo Competition Rules

Overall Grand Champion in Obedience Division earns additional 3 points

Overall Grand Champion in Agility Division earns additional 3 points

Overall Grand Champion in Rally Division earns additional 3 points

Total points for Most Versatile Dog is 104 points

The e-record book will be used to break the tie as follows:

Blue Award earns 25 points

Red Award earns 18 points

White Award earns 10 points

Incomplete - no points and not eligible for contest

If tied scores still exist, then the e-record books numerical score will be used to break the tie.

If tied scores still exist at this point, then an official flip of the coin will be used to break the tie.

Overall Champion Versatility Dog award can only be awarded once in the dog's 4-H career.

Course Description:

- A. A ring size of 80' x 100' or larger is recommended.
- B. Obstacles on the course should be spaced approximately 18'-21' apart. In no case shall obstacles be spaced any closer than 15' apart.
- C. All courses must have clearly designated starts and finishes. All obstacles must be sequentially numbered with numbered cones or some other movable system. The numbers must be a minimum of 4" tall.
- D. The standard course time is set to 70 seconds. The Maximum Course time is 90seconds which indicates the exhibitor must leave the ring when the maximum course time is met. Exhibitor will be eliminated and lose all points if they exceed the Maximum Course Time – except the Foundation class. Foundation class exhibitors must leave the course at the sound of the Maximum Course Time buzzer. Their official time will be recorded as 90 seconds, and they will not be eliminated UNLESS they do not leave the course as directed and then they will lose all points and be eliminated.

SCORING AND EVALUATION:

- A. Dogs and their handler will be scored based on time they ran the course plus faults, divided into the course yardage plus applicable course difficulty weighted score. This will enable all dogs to be ranked fairly, as it determines which dog ran its course faster even though the course yardage between the different levels may differ. Course Difficulty Weighted Scores: Advanced: +3, Intermediate: +2, Novice: +1, Foundation: +0. Final score will be calculated as follows:
 - a. $\text{Final score} = \frac{(\text{Time} + \text{faults})}{(\text{course yardage})} + \text{Difficulty weighting}$
- B. Ties will be broken with a runoff. Course to be determined by the judge. Time starts when the dog starts the timer and finishes when crossing the final obstacle and stopping the timer.
- C. A dog receiving a qualifying score at the county show *may* advance to the next higher class the following year. The team may choose to remain in the same class but after winning Grand or Reserve Champion in either County or State, the team is no longer eligible to win Grand or Reserve Champion unless no higher classes are available to progress. Overall Grand or Reserve Champion will be based on Novice, Intermediate and Advanced classes. Qualifying scores will be determined by multiplying the first-place score of each class by 0.75 for the qualifying score threshold or qualifying scores will be given to the top 75% of the class; whichever of these two metrics (within each class) that results in more qualifying scores will be used.
- D. Competing in more than one class with the same dog is not allowed.
- E. All placings are final and at the discretion of the judge.

2025 Douglas County Fair & Rodeo Competition Rules

- F. Dogs soiling or urinating in the ring during judging will be dismissed immediately and receive no score.
- G. Refer to Appendix 1 for deduction of points or disqualification.
- H. A dog unable to complete the course for any reason (including leaving the ring and not immediately returning in control of the handler, being out of control, or exceeding maximum course time) will receive an elimination or judge may excuse the dog as well.
- I. Handlers may not touch their dogs or an obstacle while running the course. Incidental contact that does not aid the dog on the course will not be penalized. If a Foundation Level dog runs off the Foundation level Exhibitor may gently take the dog's collar and redirect back to the next obstacle in the sequence. Rough handling, yanking, dragging of dog or harsh language will be cause for immediate elimination from the ring and result in no score.
- J. Refusing a judge's command is cause for immediate dismissal from the ring and will result in no score.
- K. Dogs entered in the Douglas County Fair & Rodeo must have the wither heights recorded for the current year using the Colorado 4-H Dog Health Certificate. This certificate must be on file at the Douglas County Extension Office including an image of the dog's Jump Height Card.
- L. The Jump Height Card must be provided to Douglas County Extension Office for dogs entered in the Douglas County Fair & Rodeo prior to opening of Fair Entry. If Junior Division Exhibitors enter their dog's height incorrectly, or measured by unacceptable individuals or are jumping at a lower height than the defined class height requirements, the exhibitor may participate at Fair but will not place nor receive a qualifying score (See Appendix 3).
- M. Dogs will compete at the jump height based on the measurement at their withers. The Regular Jump Height chart is defined by 4-H State Dog Trial Rules and Regulations. Veteran dogs (7+ years old) may jump at one lower jump height (4" less than Regular Jump Height) often referred as the *Preferred Jump Height*. Additionally, dogs with minor physical disabilities (such as minor hip dysplasia) may compete at the Preferred Jump Height level with a veterinarian's approval and provided documentation. Other exceptions may be defined by CSU State 4-H Staff.
- N. All 4-H Agility handlers must possess an official Colorado State 4-H Dog Project (Agility) Height Card for the dog entered in the competition, signed by the measuring authority. Note : two separate measurements and two separate signatures are required. See Appendix 2. Official height cards from outside agility venues will also be accepted.
 - a. Jump Height
 - i. 8 inches: For dogs 11 inches and under at the withers
 - ii. 12 inches: For dogs 14 inches and under at the withers
 - iii. 16 inches: For dogs 18 inches and under at the withers
 - iv. 20 inches: For dogs 22 inches and under at the withers
 - v. 24 inches: For dogs over 22 inches at the withers
- O. Dogs will be measured for their official jump height by two separate parties familiar with the procedures of measuring the height of a dog, such as a judge Douglas County 4-H Dog Agility Leader or show personnel prior to opening of Fair Entry and will receive a height card using an approved dog agility measuring wicket. Measurements must be made prior to entry in the Douglas County Fair & Rodeo and exhibitor must enter in the proper wither heights. The Agility Superintendent has the discretion to re-measure a dog and change the entry to the correct jump height class.
- P. The Overall Grand and Reserve Grand score is determined by weighing each class for advancing difficulty. Ties will then be broken via a runoff, course to be determined by judge. Time starts when the dog starts the timer and finishes when crossing the final obstacle and stopping the timer.
